# What is a GoCar?

*The Cure for the Common Tour*

---

GoCar is officially **the most FUN way to see the city!** Using GPS satellite technology our GoCars tell you where to drive and take you on a tour, talking to you all the way, telling all the stories that bring Barcelona to life!

**Cities with GoCar:** Barcelona, Madrid, Lisbon, San Francisco, Miami, San Diego

**“forget open top buses and coach tours, this revolutionary talking car is the most exciting way to see the city”**

On 2012 we increased our Barcelona fleet with the **100% electrical Twizys**, in an effort to contribute to the sustainable mobility and make this experience as friendly as possible to the citizens of the city.

Our wide vehicle fleet allows us to offer **a group service totally unique in Barcelona**. We cater for groups of all types, small and intimate (of 4 people) or big corporate events (we have taken up groups of 240 people – operating in turns of 30 cars each).

Our **central location** makes it easy for groups to come to the shop to start their tour, or if you wish, with our Total Tour option we can deliver and pick up the cars from anywhere in the city.

So if you are looking for **excellent service, an exciting and innovative product** and great value for money, visit us at..

**GoCar, the cure for the common tour!**

- Or otherwise will be refunded the total amount of the activity for the participants in question always according to the cancellation policy.

**7. Deposit**

Renting a GoCar means the driver is responsible for any possible damage to the vehicle. Therefore a 300€ deposit per car is held while the tour is out. This deposit will not be charged unless there are incidents caused by the client, which require GoCar to charge for damages according to the GoCar damage price list.

The deposit can be paid by credit card, cash or bank transfer:

A) In case the payment is done by credit card:

It may be done the day of the rental, a pre-authorization is requested on the credit card so the money doesn't get charged but gets hold in the bank account, once the tour is over and the cars are back without damages the corresponding amount gets released.

B) It can be paid with cash the day of rental (the amount is delivered to GoCar when the activity starts and once the tour is over the money is given back to the same person who delivered it).

C) It can be paid by bank transfer, once the activity is over the amount will be transferred back.

D) In the case of groups participating in a GoCar activity, deposits will be paid according to the following table:

1. From 3 to 5 GoCars = 3 deposits
2. From 6 to 10 GoCars = 4 deposits
3. From 11 to 15 GoCars = 5 deposits
4. From 16 to 20 GoCars = 6 deposits
5. 20 or more GoCars = 7 deposits

The deposit is given back at the return of the GoCars without damages.
